## DETAILS:

- Single Cylinder Mono-Tube design
- 32-way adjustable
- The mono-tube design damper will provide consistent valving without the risk of cavitation
- These are high-pressure to reduce body roll and are 100% efficient through all temperatures
- Larger pistons allow more oil flow which creates improved damping and to sustain higher forces
- Three valving options include Street, Street Sport, and Track Race
- Valving will increase in stiffness from lowest to highest depending on your driving style
- Piston and rod design
- Shafts are valved according to the spring rate
- Shock Dyno-tested
- Ride height adjustable by as much as 3 inches
- Height adjustable by the strut body
- 6061 aluminum alloy locks and brackets
- Top hats come pre-installed
- Front top hats are camber adjustable
- Spanner Wrenches included for height adjustment
- Damping tools included
