Very poor machining

Fire ring doesn't fit properly and leaks, product was not deburred, and I doubt it will hold boost properly, I am gonna attempt to use it th since I'm on a time crunch otherwise I definitely would return. Still might have to return anyways if it doesn't work.

wastegate

this wastegate works as it should with the light weight spring it kept my manifold boost at 5 psi just like it should. The welding on flange the hardest part of the installation.

Great product

It got here pretty fast, it's a solid well built wastegate. The packaging was superb.

NOT VERY GOOD

THE WASTE GATES WILL NOT SEAL ON THE REFERENCE SIDE OR ON THE DOME PRESSURE SIDE OF IT I HAVE ALREADY INSTALLED THEM SO I CANT RETURN
