Disc Diameter (in.): 12.000 in.

Weight: 24.000 lbs.

Replaceable Friction Surface: No

Quantity: Sold individually.

McLeod Nodular Iron Flywheels

McLeod nodular iron flywheels offer a high-quality, yet low-cost alternative to the hassle of resurfacing a flywheel. Nodular iron flywheels are stronger than the OEM models, and these McLeod units are direct bolt-in units. Don't overlook the flywheel when replacing your clutch. But don't resurface—simply replace with McLeod nodular iron flywheels, available for vehicle and engine applications spanning six decades.
